

Department Code Changer/ Merger

Sage Business Partner

Solutions
for **Accounting**

Quickly and easily change or merge codes in Sage 50cloud Accounts

Solutions for Accounting' Department Code Changer/Merger solution allows you to change your Sage department account data in a way that is not possible within Sage Accounts itself. We understand the frustration finance teams have with evolving your system to meet current business needs, so our software has been designed to allow you do this whilst retaining full transaction history.

Businesses evolve over time and your software needs to be able to reflect these changes. Reporting on Department Codes is critical to most companies. Within Sage 50cloud Accounts it is possible to change the name of a Department Code, but you are unable to change the posted transactions globally from one code to another and Departments cannot be merged. Merging departments within Sage affects a lot of areas within the programs as departments are held on transactions, invoices, orders, customer and supplier records, stock records and other areas. Our add-on provides you with the flexibility you require, improving productivity and profitability.

FEATURES:

- Merge two or more Departments into another Department
- Changes fields throughout Sage, in existing Transactions, Invoices, Orders, Customer/Supplier Records & other areas
- Combines details for Departments making it easier to consolidate several Departmental analyses into one following a reshuffle

BENEFITS:

- ✓ Edit and merge multiple codes with a click of a button
- ✓ Retain full transaction history
- ✓ Clear and concise code structure
- ✓ Better management and organisation of Sage 50cloud Accounts
- ✓ Update your Sage 50cloud Accounts to reflect new business changes

It is important to note that;

- ✓ Any Departments you are merging in to **MUST** already exist in Sage Accounts
- ✓ Everyone **MUST** be logged out of Sage Accounts to run this program
- ✓ We recommend a backup!
- ✓ Every time you change/merge, you **MUST** restart the Sage Data Service on ALL PCs running Sage

SAVE MONEY – GET THE CODE CHANGER/MERGERS BUNDLE!

- Nominal Code Changer and Merger
